

# VALUE FOR MONEY!

In these premises you can find an EU-financed project in action.

And not just any project, but a good and interesting one.

Today's EU projects want you to know what they are all about, so please read on!

## The project Baltic Loop aims at:

improving transport flows of people and goods in three Project defined corridors (Northern, Middle and Southern) of Central Baltic area by utilizing multi-sectoral dialogue from economical, technical and non-technical point of views.

## The project Baltic Loop will result in:

minimizing travelling and cargo time and decrease emissions in the three Project defined corridors within the Central Baltic region. Shorter travelling and cargo times will make the corridors more attractive to new businesses and innovations.

## The project is a joint cooperation venture of:

Turku University of Applied Sciences Ltd., Finland | Region Örebro County, Sweden | Vidzeme Planning Region, Latvia | Åbo Akademi University, Finland | Rīga Planning Region, Latvia | Ventspils High Technology Park Foundation, Latvia | Union of Harju County Municipalities, Estonia

This is done with 1 983 434,75 euros from the European Regional Development Fund.
